Patient Policy

- Consenting adult must be physically present in the reception area while children 15 and under are being treated.
- Adults accompanying patients are not allowed back to the operatory, unless the doctor finds it necessary.
- Three unexcused absences for dental appointments can be grounds for termination of treatment.
- Due to the size of our reception area, we only have room for the patient(s) and the responsible party.
- Patients will be cooperative and have good, respectful manners to the doctors and the dental staff at all times.
- The dental office staff will not provide babysitting services while patients are being treated; child care arrangements need to be made elsewhere.
- Patients will arrive on time for their dental appointments. Otherwise, if late more than three (3) times, this can be grounds for termination of treatment.
- No smoking in the dental office.
- Payment is due at time of service.
- If you are unable to keep your appointment, you must give at least one (1) business day's notice or you will be charged a fee.
- You must present (for copying) a valid Photo ID as per the Federal Trade Commission rules.

Printed Name of Patient

Signature of Patient (or Parent/Guardian, if minor)
